

CALAFY FOR SOCIETY AT JAMESTOWN EXPOSITION

Functions at Jamestown,
Where Washington Guests
Will Then Be the Hosts

THE scene of the festivities in honor of the distinguished foreign visitors in Washington will shift from Washington to Jamestown, beginning tomorrow, with their official departure from here. The entertainments planned for Jamestown on Monday evening, will eclipse anything yet seen there, or likely to be seen there for some time.

The festivities will begin in the morning and continue through the evening, until probably the wee sma' hours of the morning.

Many of the matrons and belles of the city who have figured in the entertainments here in honor of the Duke of the Abruzzi will go down to Jamestown for the ball which his royal highness will give on his flagship Varese in Hampton Roads Monday evening.

The guests will include the foreign officers and all the American officers of army and navy who will be in Jamestown at this time, and there will be gayety enough to satisfy the most fluttering of butterflies.

This is only one of the functions which will bring joy to the heart of the debutante who goes to Jamestown on Monday.

Whole Families Leave.

A feature of 1906 was that many entire families emigrated. Heretofore emigration has been largely confined to men and boys who left their families at home and sent money back to support them. This was regarded as rather a different view of the matter. The following figures show the emigration from Coruna—the principal port of emigration in Spain—during the past two years: In 1905 the number leaving for Cuba and Mexico was 14,891, and for the United States, 10,255, and in 1906, 21,993 and 13,127. The figures for 1905-1906 are not yet announced, but probably they will be more than 40,000.

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indecribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. Eighty-nine women working as piece hands in the sewing room of the bindery at the Government Printing Office were yesterday indefinitely furloughed.

The sewers have lost much time from lack of work lately.

It is now feared by many of the women that the latest furlough will mean that many of them will never be recalled to the office, but will be dropped at the end of sixty days.

Official corroboration of the fact that diplomatic relations between Mexico and Guatemala have been severed has reached the State Department in a notification to the effect that Mexico has decided, as a result of its dispute with Guatemala over the surrender of two men wanted in Mexico for alleged complicity in the recent murder there of ex-President Barillas, of Guatemala, to remove its minister, Senor Cambo, formerly secretary of embassy in Washington, from Guatemala City and send him to Salvador. In the meantime Mexican affairs in Guatemala will be looked after by its consul there.

This information was also given out by the minister of foreign affairs of Mexico. In an effort to minimize the effect of the announcement it was stated at the State Department today that the Mexican minister to Guatemala is also accredited to each of the other Central American States, and that, therefore, there is nothing unusual in its going to Salvador. It is, however, admitted that it is quite unusual to leave diplomatic relations in the hands of a consul.

In the meanwhile it is officially declared that the trouble between the two countries will be settled through "diplomatic channels" and that there will be no hostilities.

Mrs. Stevens Entertains at Luncheon

Mrs. John F. Stevens entertained at luncheon today in her apartment in the Connecticut, having as her guests: Mrs. Root, wife of the Secretary of State; Mrs. Cortelyou, wife of the Secretary of the Treasury; Mrs. Straus, wife of the Secretary of Commerce and Labor; Mrs. Creel, wife of the Mexican ambassador; Mrs. Bayard, Mrs. Howland, Mrs. Montgomery, Mrs. Hobson, Mrs. Dewey, Mrs. Ward, Miss Kean, Mrs. Hooker, Mrs. Hill; Mrs. Wedderburn, wife of military attaché of the Brazilian embassy; Mrs. McKenna, wife of Justice McKenna; Mrs. Ralph Cross Johnson; Mrs. Bates, wife of Gen. A. E. Bates; Mrs. Arnold Hague; Mrs. Burlington, wife of General Garlington; Mrs. Scott, Mrs. Wallace; Miss Hersey, of Boston.

Mrs. Theodore T. Shonts and her two daughters, the Misses Marguerite and Theodora, who were presented to society in Washington last winter, sailed today on the New York for Europe, to spend the summer in Paris and thereabouts, visiting for a time the Duke de Chaulnes et de Piquigny's sister, the Duchess d'Uzes, who was to have been their guest in Washington when her brother came over last winter.

Mr. and Mrs. James W. Pinchot, who went to New York a week ago, sailed today on the Vaderland for Antwerp, for a summer tour.

Mrs. B. H. Warder entertained at a young people's tea yesterday afternoon in her home on K street, complimentary to the Duke of the Abruzzi and his personal aide, Frederico Negrotto Cambrasso. The Duke attended with the Italian ambassador and the members of the embassy staff, and about sixty of the younger set were invited to meet him.

CONGREGATION LOYAL
TO EXPELLED PRIEST

YOUNGSTOWN, Ohio, May 11.—The adherents of the Rev. Father Aloysius Lops, rector of St. Anthony's Italian Catholic Church, who has been excommunicated by Bishop Horstmann, have raised \$11,000 toward the erection of a new church. It is expected that 1,400 members of the congregation will stand by the priest, and that only three members are against him.

One of the leaders of the faction supporting the priest said: "We do not fear excommunication. We will build a church for Father Lops. It will be within three doors of the old one."

Notwithstanding the Great Number of Fine Pianos Sold During the Clearance Sale of the Pfeiffer Stock.

A FEW CHOICE BARGAINS

In Fine Upright Pianos to Be Had At

W. F. FREDERICK MUSIC CO. 1328 F Street.

The sale which has been going on at 1328 F street for the past three weeks, disposing of the Pfeiffer stock of pianos taken over in the Frederick Music Co. deal, disposed of all but a few pianos, and these have been placed on sale for immediate disposal to the first comers.

There are not more than nine uprights, but these are exceptional values, and show the wonderful character of piano bargains which the big sale offered. It is not to be wondered that more than one hundred pianos were sold when such splendid pianos can be gotten at such absurd prices; for example, there is one \$350 upright in a rich mahogany case, handsome design, which can be had for only \$195. Another most attractive bargain is a \$300 upright which does not show a blemish marked down to \$185.

Others as low as \$167.

Washington people have never before been able to secure really fine pianos without paying the full prices for them, but they are learning quickly that the W. F. Frederick Music Company possesses advantages which are not equaled by any concern in the piano business in Washington, and these few special bargains are the best evidence of what this company can do.

Today and Monday next will move these few pianos, so persons who want to get a chance at them must go there immediately. Remember the address is 1328 F street.

Grandfather's Cure for Constipation

GRAND medicine,—the Sawbuck

Two hours a day sawing wood will keep anyone's Bowels regular.

No need of pills, Cathartics, Castor Oil, nor "Physic," if you'll only work the Sawbuck regularly.

Exercise is Nature's Cure for Constipation, and a Ten-Mile walk will do, if you haven't got a wood-pile.

But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because,—there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles without work.

They don't Purge, Gripe, nor "upset your Stomach," because they don't act like "Physics."

They don't flush out your Bowels and Intestines with a costly waste of Digestive Juice, as Salts, Castor Oil, Calomel, Jalap, or Aperient Waters always do.

No—Cascarets strengthen and stimulate the Bowel Muscles, that line the Food passages and that tighten up when food touches them, thus driving the food to its finish.

As Cascarets act on your Bowel Muscles as if you had just sawed a cord of wood, or walked ten miles.

Cascarets move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

The thin, flat, Ten-Cent Box is made to fit your Vest pocket, or "My Lady's" Purse. Druggists—10 Cents a Box.

Carry it constantly with you and take a Cascaret whenever you suspect you need one.

Be very careful to get the genuine made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."
